

TEKNOLOGI

K22 Hand Sanitizer Gel

K22 Hand Sanitizer Gel is a waterless, hand sanitizer formulated for use in food processing areas. The moisturising formula with 70% Isopropyl alcohol ensures the protection of skin and fast, proven antimicrobial efficacy against wide range of microorganisms. The food safe formula has no residual smell or taste that could jeopardise the food preparations.

FEATURES

- 70% Isopropyl alcohol.
- Quick application and fast drying.
- Moisture enhanced formula.
- Compatible with latex gloves.
- No residual smell or taste.

ACTIVE INGREDIENT

Ethanol, water, carbomer, glycerin, triethanolamine, EDTA

DIRECTION

1. Fill the reservoir in the M-Teknologi Hand Sanitizer Dispenser with K22 Hand Sanitizer Gel.
2. Pump enough K22 Hand Sanitizer Gel to cover all surfaces of your hands.
3. Rub hands together until the whole hands are covered with the sanitizer.
4. Air Dry. Do not rinse or use paper towel.

WARNING

For external use only.

- Avoid contact with eyes. Causes eye irritation.
- In case of contact with eyes rinse immediately with plenty of water and seek medical advice.
